This form must be completed and signed by the agent and submitted within 30 days of the new policy's effective date in order for the referrer to qualify.

IMPORTANT PROGRAM INFORMATION

A qualified referral is a person willing to provide us with the necessary information to provide a quote.

The program is open to any person over the age of 18 who refers a qualified prospect to one of our agents.

The referring person does not have to make a purchase in order to make a referral. The referring person does not have to be insured by Farm Bureau Insurance / Western Community Insurance Company to make a referral. However, the referred person must purchase a policy from Farm Bureau Insurance in order for the referring person to receive a \$25 gift card.

If the referred person receives a quote but does not purchase a policy, the referring person is ineligible for the \$25 gift card but will be – if they are an Idaho resident – entered into our quarterly drawing for a \$500 check.

Gift cards should be mailed within 60 days of referral form receipt at the home office.

Only one gift card will be issued per new policy written.

Current customers of Farm Bureau Insurance / Western Community Insurance are limited to seven (7) gift cards per calendar year.

A current customer (someone insured with Farm Bureau Insurance / Western Community Insurance within the previous 12 months) cannot refer themselves, or another person listed on their current policy.

A former customer (someone insured with Farm Bureau Insurance / Western Community Insurance within the previous six months) is not eligible.

Agents, their employees, and immediate family members of agents and their employees are not eligible.

Non-Idaho residents are eligible to receive the \$25 gift cards, but new policies must be Idaho policies. Non-Idaho residents are not eligible for the \$500 check drawings.

Brokerage, life, and federal crop policies are not eligible.

This program may be changed or discontinued any time without notice.
